

Proposal

A **WoodRidge Estates Library** to be placed in the common lot near the picnic tables. It would contain a shelf for Adult books and a shelf for Children's books. The location would allow for easy access by those walking or driving. The tables would provide seating for someone wishing to look through the collection.

The approximate cost would be \$500.00. This could be sponsored by the Woods family if the community would like to have the library but not expend the WoodRidge Estates funds for it.
